

491—12.5 (99F) Gaming table container. Each gaming table in a casino shall have attached to it a container.

12.5(1) Each container shall have:

a. A lock securing the contents of the container, the key to which shall be logged out by the count team.

b. A separate lock securing the container to the gaming table, the key to which shall be different from the key in paragraph 12.5(1) “*a*” and shall be logged out by the drop team, count team, or emergency drop personnel pursuant to subrule 12.13(1).

c. A slot opening through which currency, forms, records, and documents can be inserted.

d. A mechanical device that will close and lock the slot opening upon removal of the container from the gaming table.

12.5(2) Keys referred to in this rule shall be maintained and controlled in a secured area by the security department. The facility shall establish a sign-out procedure for all keys removed from the secured area.
